National Feed Company Saves \$1.7 Million

Twenty-six people out of 280, from across the company - from truck drivers to operations, finance, human resource, and senior executives spent two days focusing on what they could do individually and working together in cross-functional teams to eliminate waste from the organization. The goal was to find \$2,500 per person per year. The result was an average of \$20,000 per person on a yearly basis, adding up to a minimum of \$1.7 million in net cost savings within one year. Additionally, an anticipated ongoing annual net savings of \$2.2 million.
